RAJAN KUMAR

Lead SDET | Automation Architect | AI-Powered Quality Engineering

Delhi, India | +91 8010595357 | rajan.sinha91@gmail.com | linkedin.com/in/errajankumar

PROFESSIONAL SUMMARY

Lead SDET with 11+ years of experience designing and scaling automation frameworks across UI, API, and CI/CD for telecom, finance, and trade management platforms. Deep expertise in Java, JavaScript, TypeScript, Selenium, Playwright, and Cypress, paired with hands-on use of AI tools (Ollama, Copilot, Claude) to accelerate test authoring, coverage analysis, and defect triage. Proven track record of owning automation architecture decisions, building test pipelines (Jenkins, GitHub Actions, Bamboo), mentoring QA engineers, and translating business requirements into a scalable, maintainable test strategy for cross-functional stakeholders.

CORE SKILLS

Languages: Java, JavaScript, TypeScript, SQL, HTML/CSS, YAML, Batch Scripting

Automation & Testing: Selenium, Playwright, Cypress, Cucumber/BDD, Karate, REST Assured, TestNG

DevOps & Cloud: Jenkins, GitHub Actions, Bamboo, Docker, GitLab, TFS, SVN, Bitbucket, GCP

AI-Assisted Testing: Ollama, GitHub Copilot, ChatGPT, Claude, Fuel iX, AI-MCP(Model Context Protocol)

Reporting & Tooling: JIRA, TestRail, JMeter, Postman, SOAP UI, Extent Reports, ReportPortal, Allure, Maven

PROFESSIONAL EXPERIENCE

QA Technical Team Lead — Telus Digital **Jul 2021 — Present | Noida**

Projects: Telecom, Trade Management, Finance

- Lead automation architecture and build scalable test frameworks using Selenium, Cypress, and Playwright, reducing manual effort by 40% and regression time from 5 days to 2 days across UI and API layers.
- Own end-to-end Quality Engineering across UI, API, and CI/CD, leading a team of automation and QA engineers across multiple concurrent projects spanning telecom, trade management, and finance.
- Introduce AI-powered testing practices (Ollama, Copilot, Claude) into the team workflow, accelerating test-case authoring and speeding up onboarding for new engineers.
- Partner directly with product, engineering, and business stakeholders to define quality gates and acceptance criteria, strengthening release confidence and reducing production defects.

Product QA Engineer — CPA Global (Clarivate) **Aug 2019 — Jul 2021 | Noida**

Projects: IP Portfolio, Foundation IP, Search AI

- Designed and enhanced automation frameworks using Selenium, Cucumber, TestNG, REST Assured, and Karate, expanding automated coverage across UI and API layers.
- Implemented end-to-end API automation and integrated quality gates into CI/CD pipelines, reducing release-blocking defects reaching later test cycles.
- Partnered with customers and cross-functional teams to translate business requirements into robust, testable solutions across three concurrent product lines.

Automation Test Engineer — HostBooks Limited **Apr 2018 — Aug 2019 | Gurugram**

Projects: HBTAX, Accounting, CRM, DataMigrator

- Led end-to-end quality engineering across functional, compatibility, performance, and security testing.
- Designed and maintained CI/CD pipelines using Jenkins and AWS, reducing release cycle time by 50%.
- Provided technical leadership and test planning from strategy through execution for cross-functional teams.

Software Engineer — Xorlabs LLC **Jun 2015 — Apr 2018 | Greater Noida**

Projects: Idera Uptime, Sahi Framework, CRM, SQLCM

- Designed scalable frameworks and developed test suites supporting quality assurance across multiple products.
- Collaborated directly with customers and stakeholders to gather requirements and deliver high-quality solutions.

INTERNSHIPS

Application Programmer Intern — IMRB – Microsoft **Jun 2014 — Aug 2014 | Gurugram**

- Developed Microsoft Office 365-based applications as part of an IT-enablement program supporting MSMEs, working directly with small-business owners to understand operational pain points.

Research Scholar Intern — Indian Institute of Science (IISc) **Jun 2013 — Aug 2013 | Bengaluru**

- Selected as one of 65 undergraduates nationwide for a live-project research program; worked on Big Data Analysis, AI, and Machine Learning.

EDUCATION

Bachelor of Technology (B.Tech) — Information Technology **2011 — 2015 | Greater Noida**

- Dronacharya Group of Institutions

Post-Graduate Diploma — IT Management **2016 — 2018 | Pune**

- Symbiosis Centre for Distance Learning

ACHIEVEMENTS

- Kudos Award (2024, 2025) — Telus Digital, for exceptional ownership and delivery impact
- Spot Award (2021) — Clarivate, for identifying and fixing major security issues
- Extra Mile Award (2020) — Clarivate, for excellent performance and contribution
- Best Project Award (2015) — IMRB/Microsoft internship program

EXTRACURRICULAR

- Technical Interview Panel — Interview and mentor candidates for different QA Engineer roles
- The Arpan Campaign — Volunteer supporting education and nutrition for underprivileged children

LANGUAGES

English (Fluent) · Hindi (Native)
